**TO:** Brevard County Housing Finance Authority  
**FROM:** Marianne Edmonds  
**RE:** Multifamily Guidelines and Application  
**DATE:** April 9, 2018

---

The attached Multifamily Application has been prepared using the 2017 application as the base document. Changes were made to incorporate the Authority's comments at its June 2017 meeting.

The agenda package for the March meeting also included a sample application utilized by the Manatee County HFA. One of the Board members carefully reviewed that document and provided the changes on the attached pages. If the Authority elects to require this description of amenities in the application, we should discuss them in detail.
